

2025 Fall Regional Summit

October 13th | 11:00 am – 7:30 pm
San Francisco, CA

KICK OFF DREAMFORCE RIGHT

SBI Summits are exclusive, in-person gatherings designed for commercial leaders navigating the complexities of revenue growth in today's demanding market environment. The Fall Regional Summit is intended to provide a jumping off point from which to maximize your experience at Dreamforce.

In addition to incredible programming, the Fall Regional Summit will provide attendees:

- **Strategic connections** with CROs, COOs, RevOps leaders, and Enablement executives tackling similar scale and growth challenges.
- **Access to a co-working space** to continue working end-of-year deals and projects before navigating the mayhem of Dreamforce.
- **A luggage check and refreshments** – whether you're traveling from the East Coast, or your room isn't ready, stop in to grab a bite, catch up on messages, and hear from industry leaders about their business challenges.
- **Actionable insights** tailored to your role, function, and growth objectives that you can take with you and activate immediately.

“It felt like the agenda was created especially for us.”
